

[Designating Each Car's Automation Level \(DECAL\) Act \(HR 3388, 115th Congress\)](#)

Provides for information on highly automated driving systems to be made available to prospective buyers.

Updated last **July 28, 2017**

for the 07/28/2017 version of HR 3388.

WHAT IT DOES

[HR 3388](#) would establish new rules requiring manufacturers to "inform consumers of the capabilities and limitations of a vehicle's driving automation system or feature for any highly automated vehicle (HAV) or any vehicle that performs partial driving automation." The bill includes a three-year research effort led by the Secretary of Transportation to identify the most effective method for communicating the capabilities and limitations of HAVs to consumers, which will be based on [definitions of automated driving levels](#) developed by [SAE International](#).
